

Conflict Minerals Policy

As a responsible corporate citizen, L&T Valves identifies strongly with safeguarding human rights, business ethics, and environmental standards. We ensure that all our vendors and supply chain partners follow adequate due diligence measures and abide by similar standards in their operations.

Use of Conflict Minerals, commonly referred to as 3TG, include tin, tantalum, tungsten, and gold is addressed under section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

We are committed to managing our obligations in relation to these Conflict Minerals from Democratic Republic of Congo and adjoining countries (Covered Countries).

To this end, we shall:

- Strive to work jointly with our customers and supply chain partners to comply with all legal, statutory, regulatory and contractual requirements with respect to Conflict Minerals and exercise due diligence with our vendors and suppliers
- Ensure that the products and materials we procure do not contain Conflict Minerals sourced from conflict mines located in Covered Countries
- Maintain transparency in implementing this policy by sharing all relevant information with the concerned stakeholders

Date: 18 July 2025
